Your Medical Plan Options

CCH offers flexible health plan options. Our customizable plans feature categories offer varying copays, coinsurance, and deductibles for essential health benefits.

Our plans provide your employees with access to care and resources to stay healthy, active, and productive — top doctors and hospitals providing high-quality, personalized care, focusing on prevention and innovative health promotion programs.

Exclusive Provider Organization (EPO) Plans — Our EPO plans offer in-network coverage through our CCH network. Out-of-network services are covered for emergency and urgent care. CCH does not require the selection of PCP and referrals are not required to see specialists.

Copay HMO Plans — Our copay HMO plans feature first dollar benefits for covered services and prescriptions. Copay plans feature mostly set fees and have no deductible, helping you know in advance how much you'll pay for services like doctor's office visits and prescriptions.

Deductible HMO Plans — Our deductible HMO plans offer a more affordable option with competitive benefits. PCP and Specialist office visits are not subject to the deductible and telehealth is also a first dollar benefit.

HSA-Qualified High Deductible Health Plans (HDHP) — These deductible HMO plans can be paired with a health savings account (HSA). Employees can contribute pretax or tax-deductible dollars* to the HSA and use that money to pay for qualified medical expenses. For a complete list of qualified medical expenses, see IRS Publication 502, Medical and Dental Expenses, at [irs.gov/publications](https://www.irs.gov/publications).

Infertility — All CCH plans offer infertility benefits as an optional benefit. Coverage is provided by Participating Providers for services such as natural and stimulated artificial insemination, gamete intrafallopian transfer and cryopreservation. A limited number of services are covered per individual, please refer to the EOC supplement for complete information.

Chiropractic and Acupuncture — Chiropractic and Acupuncture are included in all plans. Members are covered for a combined total of 20 visits per year. The total maximum number of visits does not apply to acupuncture treatment of nausea or as part of a comprehensive pain management program.

Understanding Health Plans

CCH offers flexible health plan options. Our customizable plans feature varying copays, coinsurance, and deductibles for essential health benefits. The following pages provide a summary of each plan and what your employees can expect to pay for certain, commonly accessed benefits.

Words you should know:

- 1. EPO:** An Exclusive Provider Organization (EPO) offers in-network coverage through our CCH network. Out-of-network services are covered for emergency and urgent care. CCH does not require the selection of PCP and referrals are not required to see specialists.
- 2. HMO:** A Health Maintenance Organization (HMO) offers healthcare services through a network of providers who agree to provide services to its members. CCH's HMO plans offer coverage in partnership with primary care physicians and specialists, urgent care centers, and hospitals. CCH offers a large network of local care in addition to access to care through the Anthem network in California, and HealthSmart PCHS outside of California.
- 3. Primary Care Physician (PCP):** A PCP is considered your main doctor and you will be required to choose a PCP when you enroll. Your PCP is typically a family physician or generalist and is responsible for managing the majority of your healthcare. You can see your PCP for new and undiagnosed illnesses or injuries, chronic ongoing conditions, and preventive care. If you need a referral to a specialist, you will obtain one from your PCP.
- 4. Actuarial Value:** The percentage of total average costs for covered benefits that a plan will cover. For example, if a plan has an actuarial value of 70%, on average, members would be responsible for 30% of the costs of all covered benefits. However, members could be responsible for a higher or lower percentage of the total costs of covered services for the year, depending on their actual health care needs and the terms of their policy.
- 5. Plan Deductible:** The set amount employees pay for most covered services within a plan year before the health plan begins paying. This is included in the out-of-pocket maximum.
- 6. Embedded Accumulation:** Each individual family member will begin paying copays or coinsurance after meeting his or her individual deductible, or when the family deductible is satisfied, whichever comes first. Also, individual family members are not subject to cost sharing when they reach their individual out-of-pocket maximum, or when the family out-of-pocket maximum is met, whichever comes first. Not all services are subject to the deductible and/or out-of-pocket maximum.
- 7. Referral:** Your PCP helps make the decision about whether specialist services are necessary for you. Our EPO plans do not require a referral to see a specialist. Under the HMO, members can self-refer Emergency and Urgent Care, Dermatology, Behavioral Health and Substance Abuse (SimpleBehavioral), Allergy, Chiropractic, and OBGYN services.
- 8. Prior Authorization:** Prior Authorization is the process of evaluating medical services prior to the provision of services in order to determine Medical Necessity, appropriateness, and benefit coverage. Services requiring Prior Authorization should not be scheduled until a Provider receives approval from CCH. CCH reserves the right to deny payment for authorized services if it is determined that inaccurate information was provided to support the authorization request.
- 9. Out-of-pocket Maximum:** The maximum amount an individual or family will pay for all covered services in a year before the plan starts paying 100% for most or all covered services. Copays and Coinsurance credit toward the maximum out-of-pocket specified for each plan.
- 10. Preventive Care at No Charge:** Most preventive services are covered at no charge and are not subject to the deductible.
- 11. Copay:** The set amount employees will pay for certain services.
- 12. Coinsurance:** The percentage of the total cost for certain services that an employee will pay after meeting the deductible up to the out-of-pocket maximum.

Exclusive Provider Organization (EPO)

The EPO offers in-network coverage through our CCH network. Out-of-network services are covered for emergency and urgent care.

CCH does not require the selection of a PCP and referrals are not required to see specialists.

Please note that some specialist's offices may require referral before they will make an appointment.

Other Benefits

Dental Plans

As your full-service, health insurance provider, CCH is proud to offer members a number of dental plans through our partnership with Delta Dental. Featuring traditional and orthodontic coverage, this is yet another benefit available to ensure you receive comprehensive healthcare with Community Care Health.

Delta Dental PPO™

Save with PPO

Visit a dentist in the PPO¹ network to maximize your savings.² These dentists have agreed to reduced fees, and you won't get charged more than your expected share of the bill.³ Find a PPO dentist at deltadentalins.com.

Set up an online account.

Get information about your plan anytime, anywhere by signing up for an online account at deltadentalins.com. This free service, available once your coverage kicks in, lets you check benefits and eligibility information, find a network dentist and more.

Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID or social security number. If your family members are covered under your plan, they will need your information. Prefer to take a paper or electronic ID card with you? Simply log in to your account, where you can view or print your card with the click of a button.

Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim, and we'll handle the rest.

Understand transition of care

Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan's effective date of coverage.⁴ You can find this date by logging in to your online account.

PPO

NON-PPO

¹ In Texas, Delta Dental Insurance Company provides a dental provider organization (DPO) plan.

² You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees.

³ You are responsible for any applicable deductibles, coinsurance, amounts over annual or lifetime maximums and charges for non-covered services. Out-of-network dentists may bill the difference between their usual fee and Delta Dental's maximum contract allowance.

⁴ Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. If you are currently undergoing active orthodontic treatment, you may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.
